

Sixth Grade News

September 6th-September 9th

What are we learning this week?

ELA

Novel: Hatchet

Short Story: Scout's Honor

Objective: After engaging in a close read and discussion, students will be able to explain how dramatic elements and structure of a drama affect the plot.

Math

Topic: Equivalent Ratios / Chapter Review

Objective: Students will be able to use unit rates to compare ratios and equivalent fractions to compare rates and ratios. We will also be reviewing Chapter 1.

Science

Unit: Kelp Forests

Objective: SW identify oceanic and ecosystems by understanding how kelp growth rate and density effects the oceans.

Social Studies

Topic: Mesopotamia

Objective: Students will explain how ancient Mesopotamia harnessed the power of their rivers to build a flourishing society.
