ELA- Skeleton Inside and Out

We will continue reading the book *Skeletons Inside Out* and learn about endoskeletons and exoskeletons. We will focus on main idea and key details, summarizing, and visual/graphic text features.

MATH- Chapter 3 Multiplication and Division

We will focus on multiplication and division strategies.

SCIENCE- Concept 1.2 Energy and Motion

In this concept, we will learn that work occurs when a force moves an object, and energy comes in different forms that can be used to move objects.

SOCIAL STUDIES- Chapter 1 The Land and Native Peoples of North America

We will investigate the diverse cultures of the first inhabitants of the North American continent and compare and contrast the lifestyles adopted by different groups to survive in the varied environments of North America.

Lesson 4.3: Checking Our Progress

Summary

In this week's lesson, your child's class will work together to identify roadblocks that might be getting in the way as they work toward their 2-week goal. Then they'll decide what they can change to remove or get around their roadblocks.

Try This at Home

Ask your child if they've run into any roadblocks while working toward their class goal. If so, how will they work around them? Tell your child about a time you ran into a roadblock and what you did to overcome it.
