## > > > LEARNING FOCUS < < <

### ELA- Skeleton Inside and Out

As we finish the book *Skeletons Inside and Out*, we will continue working on main idea and key details, summarizing, visual/graphic text features, and completing an expository essay on animals' skeletons.

We will also begin reading the text *Movers and Shapers* to learn more about human bones.

### MATH- Chapter 3 Multiplication and Division

We will continue to focus on learning different multiplication and division strategies.

### SCIENCE- Concept 1.2 Energy and Motion

As we finish this concept, we will continue to learn how work occurs when a force moves an object and how energy comes in different forms.

### SOCIAL STUDIES- Chapter 1 The Land and Native Peoples of North America

We will continue to investigate the diverse cultures of the first inhabitants of the North American continent and compare and contrast the lifestyles adopted by different groups to survive in the varied environments of North America.

## > > > Math Reteach Packet < < <

### Math Chapter 2 Test

All fourth-grade students took home a reteach pack this past week. The packet includes their score sheet, reteach lessons, and practice problems.

Completing this packet is optional. However, if you wish your child to retake the math chapter two test for a better academic and effort grade, have them complete and return this packet by October 4th. The retake test will be on October 5th.

Please contact your child's teacher for any question or concerns.

### Lesson 4.4: Reflecting on Our Journey

#### Summary

In this week's lesson, your child's class will reflect on their journey of working toward their 2-week goal.

#### Try This at Home

Ask your child about their experience with setting a class goal and working toward it.

What worked?

What didn't work?

What could they do next time?

Reflect on a goal you've worked toward and what you learned.

## > > > UPCOMING EVENTS < < <
