> > > LEARNING FOCUS < < <

ELA- Earthquake

As we read this book, we will:

- Explain historical and scientific events, including what happened and why it happened.
- Explain how an author uses reasons and evidence to support particular points in a text.
- Write informational essays using 2-3 sources.

MATH- Chapter 7: Patterns and Sequence

In this chapter, we will:

- Identify, describe, extend, and write observations about the numeric pattern.
- Look for a pattern to solve problems.
- Find and use rules to write and solve addition, subtraction, multiplication, and division equations.
- Use the order of operations to solve problems.

SCIENCE- Unit 2 Concept 2 About Fuels

In this concept, we will:

- Collect, organize, and analyze data about weather over time.
- Analyze data about weather over time to illustrate patterns that naturally occur.
- Analyze weather data to construct an explanation for the cause of patterns in weather over several months.
- Collect data related to the pattern in relative temperature during the day to the time of day.

SOCIAL STUDIES- Chapter 2: A Changing Continent

In this chapter, we will:

- Investigate the relationships between early European settlers and Native Americans.
- Analyze how competition of land and resources in American led to conflict and alliances between Europeans and Native Americans.
- Learn how religion and economics shaped the culture and customs of early settlers.

Lesson 4.6 The Balanced Brain

Summary

In this week's lesson, your child will learn that our brain works best when the logic and emotion centers are balanced and working together.

Try This at Home

Tell your child about a time when a strong emotion made it hard for you to learn something new or caused you to say or do something that hurt someone's feelings. Discuss why it's important to learn to manage strong emotions.

> > > UPCOMING EVENTS < < <
